

Jaime Joseba HIDALGO GARCÍA

PERSONAL DATA

PLACE AND DATE OF BIRTH: Bilbao, Spain | 01 March 1995
ADDRESS: Chicago, 60613, Illinois

PHONE: +1 (312) 934-8690
EMAIL: jjhidalgar@gmail.com

SUMMARY

Master of Telecommunications Engineering specialized in networking, IT operations and information security. Experienced in real engineering projects. Very confident in leadership and teams management. Seeking to obtain a position in a high challenging engineering environment where my academic skills, experience and creativity will add highest value to the organization.

EDUCATION

- AUG 2018 - JUL 2019 **Master of Information Technology and Management**
Illinois Institute of Technology, Chicago
Major: COMPUTER AND INFORMATION SECURITY
Currently researching on Kubernetes deployments
- OCT 2017 - JUL 2018 **Master of Telecommunications Engineering**
University of the Basque Country, Spain
Major: Telematics - Computer Science
- SEP 2013 - JUL 2017 **Bachelor's Degree in Telecommunications Engineering**
University of the Basque Country, Spain
Major: Telematics - Computer Science
Thesis: *"Analysis and implementation of machine learning models in real time in Big Data platforms and sensible to Concept Drift"*
Cumulative GPA: 3.82/4

ACHIEVEMENTS

- MARCH 2018 Rank #1 in Bachelor's Degree in TELECOMMUNICATIONS ENGINEERING | [Press report](#)
Achieved highest promotion score of 10/10
- JULY 2017 Honours in Bachelor's Thesis with a score of 10 | [Description](#)
- 2013 - 2017 IDOM Prize for the best academic records in Engineering School | [Press report](#)
Three times awarded the special prize for achieving the highest grades

EXPERIENCE

- 2017 - 2018 **Bilbao Dynamics - Bilbao (Spain)** | [Organization website](#)
Volunteer - Engineer and Teacher
 - Non-profit organization for teaching robotics and technology to the public
 - Developed projects and helped youth get into robotics and computer science
- 2016 - 2017 **Noisewatch Project Team - Bilbao (Spain)** | [Project website](#)
Software Engineer
 - Multidisciplinary team hired by city council for reducing noise pollution
 - Worked on software and noise measurement electronic hardware team
 - Developed a whole software solution stack for the device

SKILLS

LANGUAGES	Spanish, English, Basque, French (Basic)
PROGRAMMING	C, Java, Node, Bash, Python, Matlab, Web Stack
TECHNOLOGIES	Networking, Protocols, Linux, Cloud Computing, Information Security, IT Ops
OTHER KNOWLEDGE	Electronics, Signal Processing, Office
HOBBIES	Rubiks Cubes, Video Games, Roller Skating
